

Student Expectations & Enrollment

Presenters:

Kathia Anastal, Counselor

Dr. Kenya Gilliard, Counselor

Student Benefits

Dual Enrollment is a program that provides funding for students at eligible high schools to take approved college-level coursework for credit towards both high school and college graduation requirements.

To recognize the additional effort required of students who enroll in Dual Enrollment (state funded or self-pay) courses taken at an accredited postsecondary institution, 10 points will be added to the final numeric grade for each course above that is passed with a grade of 70 or above.

**DUAL
ENROLLMENT**
@ TECHNICAL COLLEGE SYSTEM OF GEORGIA

How Much Does It Cost To Participate?

- Funding for Dual Enrollment is covered by the GA Student Finance Commission.
- The approved award rates to be paid for Tuition, Mandatory Fees, and Book costs are annually published.
- Dual Enrollment funding is available up to the student's high school graduation or home study completion date or the 30 semester or 45 quarter hours Funding Cap, whichever occurs first.

What type of student is a good fit for ACCA's Dual Enrollment Aviation Pathway?

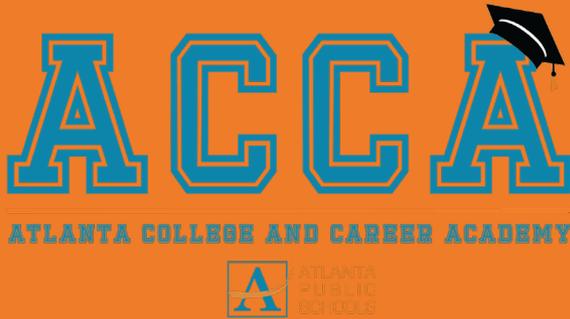

ACCA's Aviation program is a rigorous accelerated pathway

Students must:

- Have a specific pathway planned for graduation
- Remain committed to attending class daily
- Stay organized and complete tasks as required
- Be responsible
- Have good behavior
- Be Self-motivated
- Be Mature
- Take initiative
- Meet college Dual Enrollment admissions requirements as specified

Admission Criteria For Aviation Maintenance Pathway
